

## **AC repair and service in Coimbatore**

- **AC Service:**

1) So when summer comes you are able to cool your house or office without any need for Air Conditioning repair. Servicing your Air Conditioning system every Six months can help to prevent the need for Air Conditioning (A/C) repairs overall.

2) Without regular maintenance an air conditioner loses about 15% of its original efficiency for each year. A properly serviced air conditioner can do a better job of dehumidifying your home or office. So get your air conditioner serviced properly from time to time.
